Skills

| | |
|------------------|--|
| OS | Windows, Linux |
| Languages | Java, C, Python, Go, HTML, CSS, JavaScript |
| Front-end Skills | Flask, Vuejs, Babel |
| Back-end Skills | NodeJS, MongoDB |
| Tools | VS Code, PyCharm, Figma, GitHub |

Coursework

- Object-Oriented Programming
- Data Structures & Algorithms
- C, Java, Python Programming
- Operating Systems

Education

2021-2025
B.Tech in CSE
MCKV Institute of Engineering
Liluah, Howrah, West Bengal, India

2021
Higher Secondary Education
Don Bosco School
Bandel, Hooghly, West Bengal, India

2019
Secondary Education
Don Bosco School
Bandel, Hooghly, West Bengal, India

Projects

“To Do List” - Flask Dynamic Database App [Link/](#) 

This Flask-based dynamic web application, "To Do List", allows users to manage their tasks efficiently. It is designed to provide two levels of functionality:

- Live Session: Users can use the app without signing up or logging in.
- User Accounts: To persistently save tasks and enable users to access them from any device, users can sign up and log in to create and manage their personalized to-do lists.

Languages

- ◆ **English**
Fluent (Indian and American accents), both spoken and written.
- ◆ **Hindi**
Almost fluent, with the ability to engage in conversations and comprehend complex ideas.
- ◆ **Bengali**
Fluent, as a native speaker with excellent written and verbal skills.
- ◆ **Japanese**
Beginner level, self-taught through anime and structured online courses, focusing on basic honorifics and communications.

Hobbies & Interests

- Photography
 - Videography
 - Light Painting
 - Anime
 - Chess
- Learning Japanese
 - Cooking
 - Video Games
 - Listening to music
 - Computer Assembly (Research)

Positions of Responsibility

Innovative Engineering Design Problems on Blockchain Technology

- Presenter and Team Leader
- Research and Contribution
